

At School

Things will be a little different....

Keeping Us Safe

School has only been open to a small number of children but now the people who are in charge of the country say that schools can start to let more children back in to schools but school will seem a bit different to keep us all safe.

The start of the school day

You will need to line up with your adult outside the school gate - don't forget to stand 2m apart.

You will then say goodbye and come in without your adult and we will wash our hands.

Small Groups

You will be in a small group with other children that you will spend your days in school with.

You will have break times and lunchtimes in this same group and not with the rest of the school.

You will have lunch at your table in the classroom.

We will not be using any playground equipment at playtimes.

Don't forget to bring in a nut free lunch and your water bottles!

You may not be in your normal classroom or have your normal teacher but it will be with an adult from our school.

Teachers

Your teachers will look a bit different too!

Your Classroom

Your classroom will look a little different too and you will have your own table and chair. If you would like to, you can bring in your own colouring pencils and felt tips but we have some in school in case you don't have any at home.

Toilets

Each group will have their own set of toilets to use.

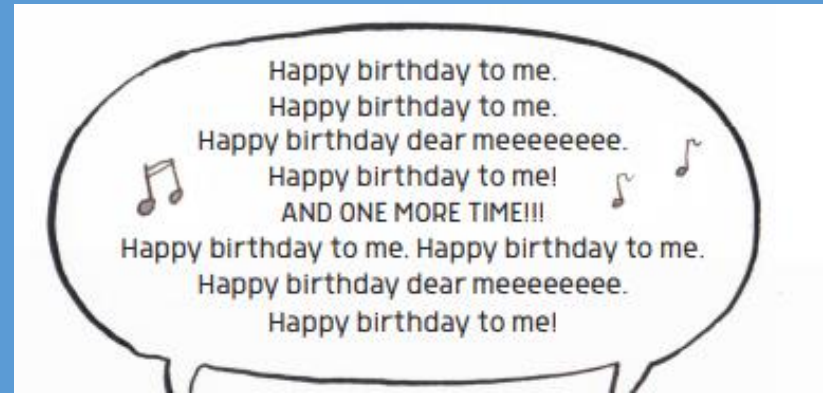

Can you spot the signs on the doors?

What can you do to help?

When we are at school we will need to keep apart from each other even when we are playing outside. This is to stop any germs we might have from spreading.

When you cough or sneeze, remember to do it in inside your elbow.

We will also be washing our hands throughout the day

Weather

We will be spending as much time outdoors as we can so don't forget to come to school with your sun cream and a hat. We may also have some chilly days so you may need to bring a coat.

It will probably be a good idea to come to school with some sun cream on already and then when you are at school you can put some more on through the day.

Coming to School

Although things will be a little different, you can be sure that the teachers are all looking forward to seeing you and hearing about what you have been doing whilst you have been spending time with your families.
