It would be great to have more visitors like authors etc

I would like to see more trips

Miss Brake is a wonderful, friendly and fun teacher! She is a great asset to the school!

I feel my child could be stretched and challenged more in terms of maths and reading

I would prefer more outdoor free play. More play on the bikes and climbing frame. I would love to know more about how my child is progressing at school not just academically but in other areas and where she ranks in various aspects.

Every member of staff is always so dedicated, positive and seems to go the extra mile. You have an amazing team and I am so proud my child is part of the school. The newsletter in particular is excellent, very informative but also engaging and I love the references to mental health.

Firstly, we think the school's great, but there's two areas that feel ripe for improvement:

1. Reading - we take kids feedback with a pinch of salt, but it sounds like most of Y1 read to a teacher/TA maybe once per term and the books that come home are often months behind their level (and 2/wk that take 3mins each to read is far too few, is it a sign of a school shortage?) so we constantly feel like they're being held back rather than encouraged to progress.

2. Similar to the point above, progress updates feel a little infrequent and parents evening calls every term would be great if possible?

Thank you for all your hard work!

The leadership and vision, careful adherence to core beliefs and the kind and caring attitude of ALL the staff of the school are amazing! Ever since we joined we have seen such a difference in our child's social confidence and she's made huge strides in her learning, thanks to the dedication of teachers, careful scaffolding and innovative variety of programmes you have implemented. Thank you so much for everything. We can't tell you how much we appreciate all your hard work and care and how lucky we feel to be with you.
